

REVISED JOINT PROCLAMATION OF THE CHAIRMAN OF THE MECKLENBURG COUNTY BOARD OF COMMISSIONERS, THE MAYOR OF THE CITY OF CHARLOTTE, AND THE MAYORS OF THE TOWNS IN CONJUNCTION WITH THE EMERGENCY MANAGEMENT COORDINATOR AND IN CONSULTATION WITH THE MECKLENBURG COUNTY PUBLIC HEALTH DIRECTOR

RESTRICTING MOVEMENT OF ALL INDIVIDUALS LIVING WITHIN MECKLENBURG COUNTY, THE CITY OF CHARLOTTE AND THE TOWNS OF MATTHEWS, PINEVILLE, MINT HILL, DAVIDSON, HUNTERSVILLE, AND CORNELIUS TO STAY AT THEIR PLACE OF RESIDENCE EXCEPT THAT THEY MAY LEAVE TO PROVIDE OR RECEIVE CERTAIN ESSENTIAL SERVICES OR ENGAGE IN CERTAIN ESSENTIAL ACTIVITIES AND WORK FOR ESSENTIAL BUSINESSES AND GOVERNMENTAL SERVICES;

EXEMPTING INDIVIDUALS EXPERIENCING HOMELESSNESS FROM THE RESTRICTION BUT URGING THEM TO FIND SHELTER;

RESTRICTING ALL BUSINESSES AND GOVERNMENTAL AGENCIES TO CEASE NON-ESSENTIAL OPERATIONS REQUIRING PUBLIC MOBILITY WITHIN THE LOCATIONS WITHIN THE COUNTY; RESTRICTING ALL NON-ESSENTIAL GATHERINGS OF INDIVIDUALS; AND ALL NON-ESSENTIAL TRAVEL

*WHEREAS*, The North Carolina General Assembly has adopted Article 1A of Chapter 166A of the General Statutes, entitled “North Carolina Emergency Management Act”, which sets forth the authority and responsibility of the Governor, State agencies, and local governments in prevention of, preparation for, response to, and recovery from natural or man-made emergencies; and

*WHEREAS*, G.S. §166A-19.22, which is part of the North Carolina Emergency Management Act, authorizes counties to declare a state of emergency under conditions and following procedures contained in G.S. §166A-19.22; and

*WHEREAS*, the Coronavirus (COVID-19) pandemic has created a state of emergency in the County of Mecklenburg and the City of Charlotte; and

*WHEREAS*, the Governor has declared a state of emergency on behalf of the state of North Carolina on March 10, 2020; and

*WHEREAS*, Mecklenburg County in conjunction with the City of Charlotte and six towns within the County signed a Joint Declaration of Emergency on March 13, 2020; and

*WHEREAS*, among other things the Declaration restricted access and travel upon public streets, alley, or roadway or upon any other public property within the area(s) or times as designated by the Mecklenburg County Public Health Department in conjunction with City-County Emergency Management except by those in search of medical assistance, food or other commodity or service necessary to sustain the well-being of themselves or their families or some member thereof; and

**WHEREAS**, the Declaration further restricted movement of people in public places and the operation of business activity, entertainment, events or other places of mass gatherings as reasonably necessary to overcome or prevent further aggravation of the emergency, and any other activities or conditions whereby the control of which maybe be reasonably necessary to maintain order and protect lives or property during the state of emergency, except in areas or times designated by the Mecklenburg County Health Department in conjunction with Emergency Management, and

**WHEREAS**, since execution of the Declaration, residents of the county have been tested for the COVID-19 virus. Initially, there was a connection and correlation between positive results and out of county travel or contact with someone known or believed to have been positive; however as of March 23, 2020 there 108 cases COVID-19 in the County, as well as increasing evidence of cases in neighboring counties, including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. Widespread testing of COVID-19 is not yet available but is expected to increase in the coming days. This Joint Declaration and Order is necessary to slow the rate of spread; and

**WHEREAS**, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 particularly, and evidence that age, condition and health of a significant portion of the population of the County, the City of Charlotte and surrounding Towns places the population at risk of serious health complications, including death from COVID-19; and

**WHEREAS**, this Proclamation addresses the “Essential Critical Infrastructure Workforce” and restrictions and those exceptions to the restrictions on Mecklenburg County residents and those who work in Mecklenburg County. The categories of essential services and business addressed in this order include healthcare and public health; law enforcement, public safety and first responders; food and agriculture; energy; water and wastewater; transportation and logistics; public works; communication and information technology; other community-based government operations and essential functions, including human services; other community-based human service operations; critical manufacturing; and hazardous materials as defined in the “Memorandum on Identification of Essential Critical Infrastructure Workers during COVID-19 Response” from US Department of Homeland Security; and

**WHEREAS**, many individuals who contract the virus display no symptoms or have mild symptoms which means they may not be aware they carry the virus. People without symptoms can transmit the disease and because evidence shows the disease is easily spread, mass gatherings can result in further transmissions of the virus; and

**WHEREAS**, it is essential to slow viral transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed; and

**WHEREAS**, this Revised Joint Order and Declaration is necessary to slow the rate of the spread and is the least restrictive based upon the current evidence.

NOW THEREFORE BE IT FURTHER ORDAINED THAT:

This Joint Proclamation is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue to slow the spread of COVID-19 to the maximum extent possible. **Stay-in-Home Order Needed to Expedite Returning Mecklenburg County to Good Health and Prosperity**  
Action requested to help protect most vulnerable and to preserve necessary supplies for healthcare systems

March 23, 2020

Dena R. Diorio  
Mecklenburg County Manager  
Charlotte Mecklenburg Government Center  
600 East 4th Street  
Charlotte, NC 28202

County Manager Diorio:

On behalf of the entire workforces of Atrium Health and Novant Health, we would like to thank you for your leadership during these unprecedented times. Preparedness and a willingness to be bold are essential in Mecklenburg County's efforts to combat coronavirus disease 2019 (COVID-19) and its effects on our people, our community and our economy.

As leaders of the leading healthcare systems in this region, we are writing today to formally request immediate action to **issue a county-wide stay-in-home order**. The leaders of some of our nation's most populated areas have taken this decisive action, in some cases only after COVID-19 had negatively affected significantly large numbers within their population, and perhaps too late to significantly impact the spread of this pandemic. Our predictive models show that **we have hours, not days, to help flatten the curve** in a way that does not overwhelm critical service. Each hour that passes, more and more residents are coming into contact with others, and the virus continues to spread rapidly. Mecklenburg County has a chance to curb the spread of COVID-19 by taking action now.

We care deeply about the safety of our patients, team members and the communities we serve. A stay-in-home order is in the best interests of protecting the health and well-being of our communities and our healthcare workers during this pandemic. Our healthcare workers are on the front lines doing everything possible to help treat and defeat this virus. They need your support to help protect those who are most vulnerable to COVID-19 and to preserve the necessary supplies each healthcare system requires to best care for patients during this pandemic.

We recognize that such an action will be followed by a series of possible unintended consequences, through its effects on the workforce and the economy as a whole. We have a proud history of supporting our communities and especially those who are underserved. We are committed to working with the county and our business community leaders once this state of emergency has passed to help address the needs of communities and their most vulnerable citizens and to help restore Mecklenburg County to good health and prosperity.

We appreciate your consideration of this action and the lives it will ultimately save. Thank you for your courageous leadership during these unprecedented times and for continually working in collaboration with our health systems.

Sincerely,
